

# Attention Young Artists Help Protect Beach Nesting Birds!

**Sharing our Beaches with Birds  
Poster Workshop for Kids  
April 3, 2016  
2pm**

Today we will first learn a about beach nesting birds with an interactive program. Once we have learned just how interesting, important and imperiled these birds are we will turn artsy and create posters which will be made into signs for posting at Hobart Beach in Northport in order to educate the public and help protect the birds' nesting grounds. This is your chance to make a difference in the lives of birds, while doing something fun at the same time!

All attendees will be informed of where their signs are being posted and will be invited to join us at a Be a Good Egg Campaign Awareness Day!

For ages 8 and up. Pre-registration is a must as space is limited. 516 695 0763

**Make a Difference!  
Help Protect Beach Nesting Birds!**

Location: Cold Spring Harbor Library  
95 Harbor Road, Cold Spring Harbor—Third Floor Children's Room
