Snowbound: Animals of Winter Documentary

Wednesday, January 9 at 7 PM

Cold Spring Harbor Library - 95 Shore Rd. Cold Spring Harbor

From the shelter of our homes, snow looks magical, but it is a harsh reality to many animals. Snow means freezing temperatures, which these animals must endure for many months.

Wildlife cameraman Gordon Buchanan meets some of the world's most iconic snow animals across the globe, from the penguins of Antarctica to the bison of Yellowstone and the Arctic fox. Beyond the Arctic Circle in northern Norway, he encounters wolves, lynx, reindeer, polar bears, muskox, and even a woolly bear - the most miraculous, coolest Arctic caterpillar! Buchanan reveals the incredible adaptations and extraordinary strategies these animals use to survive.
