

## The Audubon Bird Mural Project: A Virtual Walking Tour

Wednesday, January 6, 2021  
7 PM EST  
via Zoom

The Audubon Bird Mural Project is an impressive effort to create murals of over 300 North American birds. Most of the murals are in the Harlem neighborhoods of Hamilton Heights and Washington Heights, where John James Audubon lived the last ten years of his life.

All of the birds painted are threatened by climate change, so the Project is designed not only to display the birds' beauty, but also to make us aware of the challenges that they face. The artworks range from lovely panels that fill in a former window to spectacular murals covering the entire side of a building.

We will see about 40 murals, plus Audubon's grave site, in a 50-minute slide presentation with live commentary. There will be time afterwards for Q&A.
